JISEC Position Statement

collaborative PP for Database Management Systems, Version 1.0
Supporting Document - Evaluation Activities for the collaborative PP for
Database Management Systems, Version 1.0

Statement:

IPA/JISEC supports the collaborative PP for Database Management Systems (DBMS cPP), Version 1.0 and the Supporting Document - Evaluation Activities for the collaborative PP for Database Management Systems (DBMS SD), Version 1.0.

Purpose:

The intent of this Position Statement is to make it publicly known that IPA/JISEC:

- recognizes the need for evaluated products that are suitable to address the security problem defined in the DBMS cPP,
- acknowledges that the SPD appropriately scopes the security problem to be addressed by such software, and
- will accept applications for product certifications conform to the DBMS cPP and we will use the DBMS SD as a refinement of the CEM.

SCOPE:

IPA/JISEC will revisit its position during the CCRA approval/endorsement process.

After certification of the cPP and approval of the SD the position statement might be updated and changed into an endorsement statement.
